JOINT VALUE BROCHURE

CREATING TIME AND ATTENDANCE SOLUTIONS TOGETHER

The software is developed in-house and designed specifically for the needs of the business. It is accessible from any location with the use of an internet connection.

About Uniclox

Integrating Uniclox with Hikvision biometric devices, we supply our clients with a biometric device that is both accurate as well as robust. The combination of Hikvision Biometric terminals and Uniclox Platinum Web-based Software creates a great time-management solution.

Uniclox Time and Attendance systems enable tracking and monitoring of employee attendance. These smart systems enable accurate management and monitoring of employee work hours, late arrivals, early departures, and extended breaks as well as absenteeism.

Uniclox Platinum software reduces labor costs and improves employee performance through intelligent performance tracking.

Uniclox : Vision Enterprise Platinum

Hikvision: DS-K1T673DWX, DS-K1T341CMW, DS-K1T343MWX (0-STD)

Solution Architecture

Integrating Uniclox software and Hikvision hardware, we can supply our clients with a biometric device that is both accurate as well as robust. The combination of Hikvision Biometric Terminals with Uniclox Platinum Web-based Software creates a great time-management solution.

User Benefits

Save money

With our time management software you can easily track time spent by staff on site and per project. This allows for an accurate wage bill and accurate billing to clients.

Work from anywhere

Our software is "cloud"-based and can be accessed by the user anywhere in the world using an internet connection for more flexible working arrangements.

Easy to scale

The cloud environment gives small companies access to executive-level IT infrastructure and security at an affordable price. It also allows for easy scalability as more resources can be added to the client environment at a moment's notice.

Security and redundancy

Your Uniclox time management data will be backed up daily with a retention period of 7 days. If something goes wrong on your end, we have your back.

Ease of use

We have our own in-house team of developers who are constantly adding new features to ensure that our clients enjoy world class software.

The image displays four overlapping screenshots of the Uniclox software interface:

- Top Right:** A 'Terminal' management screen showing a list of active terminals with columns for Description, Serial / IP, Type, Group, and Last Activity. It includes buttons for '+ Add Terminal' and '- Remove Terminal'.
- Bottom Left:** A 'Transaction Filters' screen with a table of transactions. The table has columns for Date, Time, Terminal, Start, Stop, and Transaction Status.
- Bottom Center:** A 'Daily Hours' overview table showing a grid of dates and times with columns for Start Time, Stop Time, Shift Code, Daily Description, Paid Hours, Lunch, Breaks, Add., Shift, Running, and Site.
- Bottom Right:** A 'TIME CARD REPORT' for employee J072 - Chris Van Zyl. It includes a summary table with columns for Date, Day, Start, Stop, Shift, Description, Hours, Lunch, Tea, Breaks, Target, and Total. Below the table are sections for 'Normal Time', 'Leave Sick', 'Total Pay Period Breaks', 'Total Pay Period Premiums', and 'Total Shift Counters'.

Key Features

Long-range facial detection

Overtime clocking-in services

Customizable according to business needs

Comprehensive attendance reports
Payroll integration

Shift management and
leave management

Payroll integration

Targeted industries

-  Banking & Finance
-  Retail
-  Education

-  Home Automation
-  General

About Us

Hikvision Digital Technology

Hikvision is an IoT solution provider with video as its core competency. At Hikvision, we believe that it's the close collaboration with our ecosystem of partners that accelerates innovation and development, while also securing maximum value creation for clients.

We work closely with hundreds of the best manufacturers of technical hardware and software systems in the security, automated manufacturing, and IoT industries. Our Technology Partner Program demonstrates how clients can use Hikvision technologies with full confidence that we provide vendors the right tools for comprehensive integration and compatibility with all our products, empowering our joint-value solutions to address pain points in various industries.

Uniclox (Pty) Ltd

Uniclox was founded in 1945, recognizing the need to bring leading technology to companies. We pride ourselves in providing businesses with leading time & attendance terminals with software developed in-house that is designed according to the needs of each business. Platinum software integrates with all major payroll companies, effortlessly combining worked hours into payroll.
