TRANSPEYE x HIKVISION®

JOINT VALUE BROCHURE

CREATING VIEDO FIRST RISK MANAGEMENT SOLUTIONS TOGETHER

Revealing the Risk – Policy Driven Activity Management for Multiple Devices with Visual Verification

About **Transpeye**

A Video First Solution for Risk Management. Designed by Total Retail Loss experts, by Retail Loss Prevention Professionals. With many security systems and devices working in isolation, it can be difficult to see the big picture of risk management to enable effective, efficient solutions. Transpeye has been developed to be an all in one risk management system that can reveal the risk anytime, anywhere, identifying malicious and compliance based issues. We pull together all types of modern security device data for a holistic analytics/reporting view, across multiple devices and locations, providing infinite cross-device combinations with bespoke policy based alerts.

**Regions**   Europe

Integrated Hikvision Products

✔ IP, PTZ, and Thermal Cameras
✔ NVRs / DVRs

Supported Product Models and Versions

Transpeye (all versions) is compatible with all versions of Hikvision NVRs, DVRs, cameras and AX PRO

Solution **Architecture**

We provide a simple, end-user friendly, all in one solution to combine video with EPOS and multiple security devices to allow remote management of risks against malicious and non-malicious based losses, anywhere at any time using our cloud based technology.

DVR
NVR
Cams
AX PRO (Alarm)

Hik-ProConnect

Cloud

Hikvision | Transpeye

Key **Benefits**

Intruder Alarm Integration

Be alerted to alarm set and unset outside of expected routines / policy. Randomly check company policy compliance for entrance and exit. Ensure safety of team members. Manage risk of malicious and non-malicious activities for internal team access.

Smart Shelf

Set Transpeye to notify on shelf selections of any QTY for any high risk product. Set low risk scores to notify with 1's, 2's or 3's or really high scores for selections of 4's or more to avoid shelf swipe and offer the best in customer service. Monitor with EPOS transactions for the ultimate in product protection.

EPOS

Monitor EPOS based risks for internal and external fraud on an all in one combined system. The ultimate in efficiency! Set multiple risk based policies for any data, including Refunds, Voids, No Sales, Discounts, Training or any combination of these – to be alerted when one of those occur anytime, anywhere.
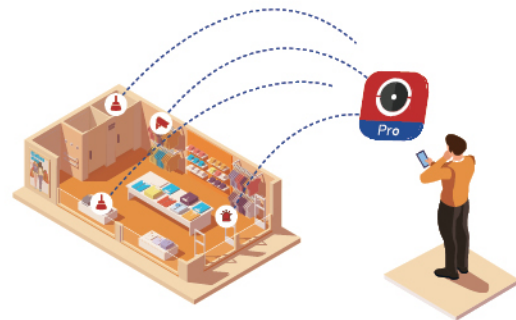

Quick Adding

Hik-ProConnect supports Cloud P2P technology for quicker, easier device setup without traditional port mapping or applying for static IP address or domain.

Remote Batch Arm/Disarm Alarm

Hik-ProConnect allows you to remotely arm/disarm alarm devices in batch to increase your work efficiency.

e.g. For some chain stores, ARC can set "stay arm" to many AX PROs in batch for cleaners to do cleaning in certain areas in these stores in the morning.

Key **Features**

 Remote CCTV via the cloud – Allow efficient risk management anytime, anywhere

 Combinations with HIK Smart Events – Allow existing HIK features to be maximised in one solution

 Policy based exceptions, reporting and real time alerting – All end-user friendly and adjustable via templates

 Simple powerful video / data analytics for dashboard drill downs and reporting

 Modern and secure cloud platform for low cost and simple deployment

About **Us**

Hikvision Digital Technology

At Hikvision, we believe that close collaboration with our ecosystem of partners is needed to further accelerate innovation and development in the security industry, while also securing maximum value creation for clients.

We work in close partnership with hundreds of best of technical manufacturers of hardware and software systems in the security, automated manufacturing, and IoT industries. Our Technology Partner Program ensures that our clients can use Hikvision technologies knowing that we provide vendors with the tools to obtain comprehensive integration and compatibility with all our products.

Transpeye LTD

Transpeye is designed by Loss Prevention professionals for Loss Prevention professionals. Transpeye has been built from our huge experience working in Retail for a combined 100 years plus between its directors. Our experience from varying retail functions, from Store Management to Retail Executive roles, Logistics to Stock & Systems and ultimately Loss Prevention has been key to developing a Sell More – Lose Less strategy where we maximise technology at the heart of our solutions.

Transpeye currently monitors thousands of cameras linked to EPOS devices, intruder Alarms, EAS, Smart Shelf and other technologies allowing the 1% of CCTV to be viewed by exception - Revealing the Risk.
