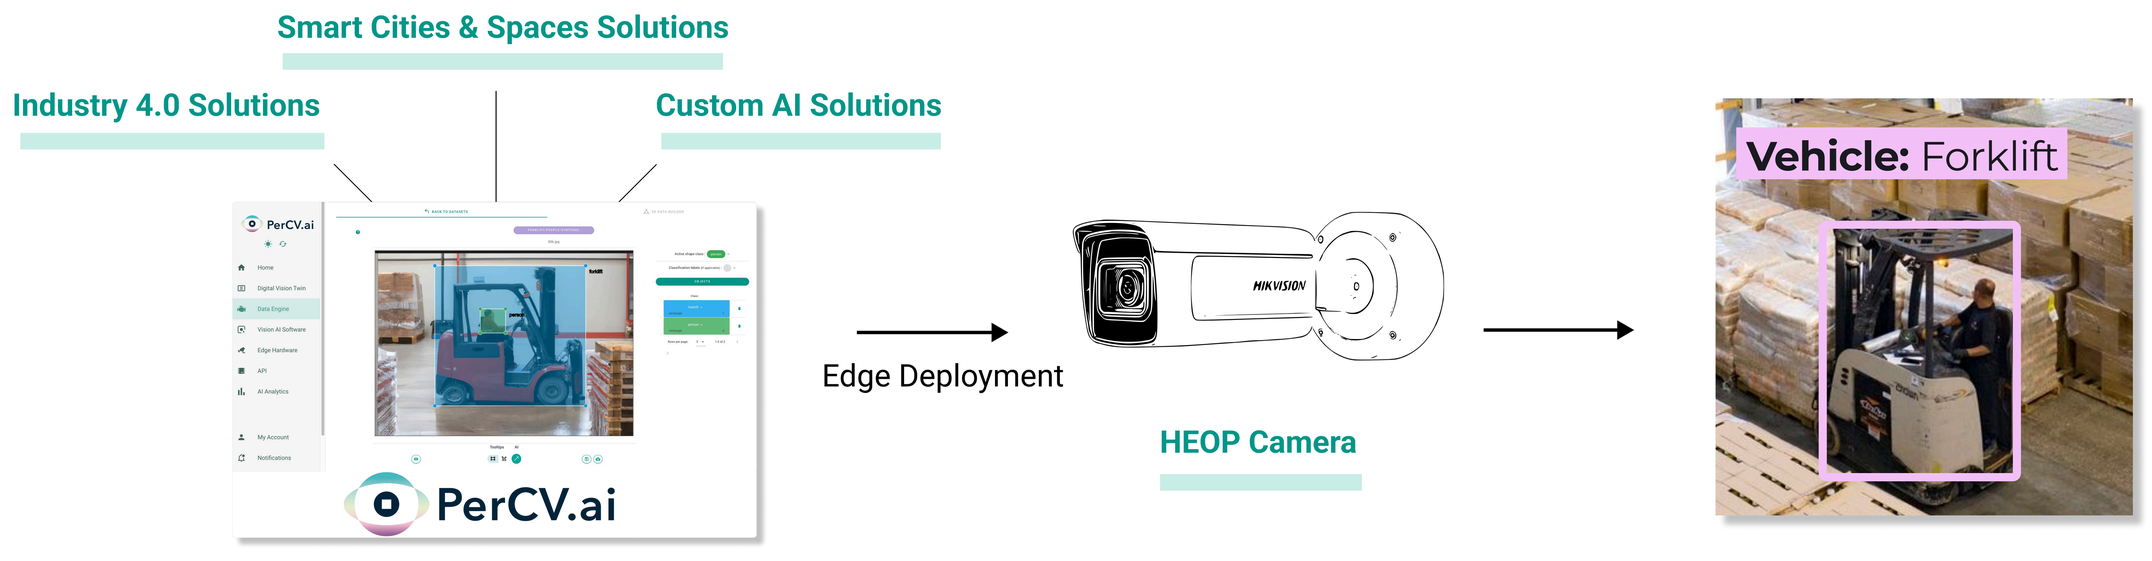
Enable Vision AI in Just 5 Minutes

Ready-to-Use or Train New AI Models with PerCV.ai Platform

PerCV.ai

In Partnership with HIKVISION

- Off-the-shelf **Vision AI Solutions** for Industry 4.0 and Smart Cities
- **Without** needing **any AI coding expertise**
- AI-enable your camera and turn it into a **purpose-built AI sensor**



Enable AI on Your Camera in 4 Steps

1

Connect

Pair your Hikvision camera with PerCV.ai platform following a simple process.

2

Select & Deploy

Choose from a range of off-the-shelf AI solutions or create a custom one tailored to your needs.

3

Configure

Define regions of interest and set up alerts or actions based on AI-generated insights.

4

Monitor

Access real-time analytics and monitor through an intuitive dashboard and API.

Try It Risk-Free!

Get started with Vision AI using a 14-day free trial! **No AI skills required.**
